CCTV at Norton Hill Recreation Ground

Following the regular spates of anti social behaviour at Norton Hill Recreation Ground last summer, the Parish Council, in liaison with the Police, has been considering the best means of addressing these difficulties.

We are pleased to say that the Police Community Trust is supporting the Parish Council with the allocation of a grant towards CCTV at the site.

Before this is installed however, we would like to re-assure the residents who live close to the site that the cameras will be focussed solely on the car park/ field and the boules court/ basketball area. Since there are houses fairly close to the boules court / basketball area, we wanted to show you the proposed field of view of that camera, which is pictured overleaf.

If you have any questions or concerns please do not hesitate to raise them with the Parish Council, the contact details of which are above.

Signage outlining the existence of the CCTV cameras will go up when the cameras are installed and, overall, we hope that this measure will go a long way towards making the site safer for all.

Yours sincerely
