

Community and Social

The overall feedback from the Westfield Parish Council Consultation Report 2016 suggested the views that the majority of the community appreciated living and working in Westfield.

The main issue that was raised time and time again was the lack of a purpose built Community Centre.

Evidence of this can be seen from the extracts from the Consultation Report.

Residents appreciated community activities organised by the Council

Eg

Fun Day

Fun Fair

Switching on of the Christmas Lights.

But still felt a Community Centre would be more beneficial.

The thoughts behind this was the lack of a centre that both young and old could use.

At the moment the teenagers of Westfield are restricted to where they can meet have a chat etc, at the present they are forced to roam the streets.

The older generation also felt there was nowhere for them to meet have a cup of tea/coffee and perhaps a game of bingo.

A purpose built Centre would open up whole new opportunities for the community.

Social Groups / Organisations are crying out for a Modern Venue.

There are numerous groups that already use Westhill Social Club. These include

Line Dance Classes

Yoga

Swallows Charity

Table Tennis Teams

Wish Organisatin

Football Teams.

If a Centre can be built that can help the community come together providing various amenities this can only be a plus.

There of course would have to be a lot of consultation deciding what is best for the Community of Westfield

A the moment there are two sites researched that are

Suitable

Available

And hopefully Deliverable.

A handwritten signature in black ink, appearing to read "C. Magg". The signature is written in a cursive style with a long, sweeping tail on the final letter.
